This report is submitted to the San Marcos CISD School Board Trustees to be adopted into policy according to:

Policy Code: CAN

Title: Transportation Management

Subtitle: Student Transportation

The District may apply to the Commissioner of Education for an additional amount of up to ten percent of its regular transportation allotment to be used for the transportation of students living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walked to school. The Board shall provide to the Commissioner the definition of hazardous conditions applicable to the District and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and students must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition.
